Section on Prevention in the Mining Industry

ISSA Mining Certificate for Excellence

In compliance with ISSA Mining's Prevention Strategy
VISION ZERO and the 7 Golden Rules, the

Kuzbass Intersectoral Centre of Occupational Safety (Kuzbass-COT) – Kemerovo - Russia

has developed a new methodology of continuous professional training for miners in the individual programs using innovative video informational technologies. The methodology unambiguously ensures the increase of miners' professional knowledge and competency, strengthens personal responsibility in occupational safety and health, supports the habits of safe behavior and shows significant impact to the decrease of the number of occupational accidents in mines.

ISSA Mining considers this new methodology meets the criteria to move towards the aim of VISION ZERO and supports in particular Golden Rule 6
"Improve Qualification – Develop Competence".

ISSA Mining acknowledges this initiative by Kuzbass-COT, Kemerovo, Russia and highly welcomes the approach by handing over this ISSA Mining Certificate for Excellence.

Ulrich Meesmann
President of ISSA Mining

Helmut Ehnes
Secretary General of ISSA Mining

VISION ZERO.
